

BACS' Home in a Basket provides 'starter kits' for people moving from homelessness into housing.

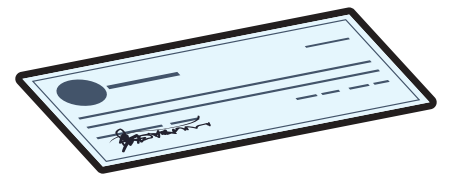

BACS helps thousands of people experiencing homelessness each year, and your support can help them get settled into housing more quickly and comfortably.

A Home in a Basket helps this housing 'stick', by providing basic housing and hygiene items that every home needs.

A Home in a Basket can include:

- laundry basket
- bedding and sheets
- towels
- toothbrush & toothpaste
- laundry detergent
- cookware
- rental assistance
- first aid kit
- dishes and cutlery
- shower items
- and more

BACS needs community support to end homelessness! Each 'Home in a Basket' costs \$500 - and your assistance can change a life.
